INFORMATION DISCLOSURE STATEMENT

Sir:

This Information Disclosure Statement includes copies of Form PTO-1449 that identify six Japanese references and four WIPO publications. Copies of these documents are attached as well. JP 10-286279 was identified in the International Search Report. That reference is attached, along with an English language Abstract prepared by the Japanese Patent Office.

JP 11-104181 was intended to have been identified in the original International Application. However, the original International Application included a typographical mistake and identified JP 04-104181. JP 04-104181 does not relate to the subject invention. The specification has been amended to identify JP 11-104181.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to:
